

Underlayment / Backerboards | Fiber Cement

PROLDHG2 Underlayment/Backerboard System

Applications: Cement board and fiber-cement board underlayment/backerboard to wood or steel

- Slim profile allows driving in corners
- Drives fasteners that meet ANSI standards
- Compact body for reduced weight and easy handling

Limited lifetime warranty on attachment and extension, 1-year limited warranty on screw-driver motors (see specific manufacturer's warranty for more information)

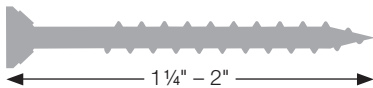

The PROLDHG2 system includes:

- PROLDHG2 underlayment/backerboard attachment
- Extension for stand-up driving
- Makita® screwdriver motor
- Screw quiver for keeping screws at your fingertips
- Rugged tool case to protect your equipment

PROLDHG2 underlayment/backerboard attachment tool is also sold separately.
